

Attended Ashes Scattered at Sea \$450.

Our Captains are licensed by the United States Coast Guard, and licensed Cremated Remains Disposers.

Our vessels are Coast Guard inspected and commercially insured. Sea burials are performed approximately one mile off beautiful Lover's Point, Pacific Grove. Our coastline provides scenic shores to visit and remember your loved one.

Your trip may be attended by up to 48 family & friends on our 55' vessel .

On a typical 1 hour sea service, your group will board and travel about 20 minutes, the boat will be brought to a rest and the ashes released by your family or by our crew. The vessel will then circle the ashes, after a few moments we will return. We include a memorial certificate with the date and GPS coordinates that will be mailed to the family. Additional scatterings during the same trip are an extra \$75. each and will also include a memorial certificate.

MARINE SANCTUARY

Some families bring loose flowers or petals to scatter. We are in a Marine Sanctuary, styro-foam, ribbon and balloons are not permitted, as such items can cause harm to marine life.

Attended Scattering

We can accommodate the smallest gatherings or up to 70 people.

The cost is \$450 for one hour and \$200 each additional hour.

Unattended Scattering

We can sail the Monterey Bay Marine Sanctuary and release your loved ones' ashes for you. The most beautiful site is just off the coast of Pacific Grove.

Burial at Sea

**Monterey Bay
Sanctuary**

UNATTENDED ASHES

For an unattended Burial At Sea you, or your funeral director may deliver or ship the cremated remains & the APPLICATION AND PERMIT FOR DISPOSITION OF HUMAN REMAINS form to our office. We will perform a dignified sea service that includes a memorial certificate with the date and GPS coordinates.

All services are performed within 1-2 weeks of the receipt of ashes. On the day of the service, the boat will depart the harbor with the captain and crew. Upon arrival off Lover's Point, Pacific Grove the boat will come to a rest and the ashes released. The vessel will then circle the ashes. Special coordinates can be arranged.

\$450 one hour

\$200 each additional hour.

If you chose cremation your funeral director will give you the cremated remains in a special container, along with an APPLICATION AND PERMIT FOR DISPOSITION OF HUMAN REMAINS (VS-9 Form)

This form must accompany the ashes, the final disposition must read “ SCATTER AT SEA OFF THE COAST OF MONTEREY COUNTY”

U.S. POSTAL SERVICE shipping & packaging of remains:

Remains must be packed in a sift proof container that is sealed in a durable sift-proof outer (the original container provided by the crematory is sufficient). Put the sift proof container in a padded shipping box along with the completed VS-9 form and the signed Monterey Bay Boat Charters Authorization form.

Shipping box should be marked on the address side “CREMATED HUMAN ASHES”

CALL (831) 372-0599 to arrange delivery and payment.
